

Mothers and daughters
- you're all special

Appledore Dental Clinic
SMILES UNLIMITED

Your daughter is special and, as a teenager, you'd prefer her not to have ugly train track braces, but you still want her to have a beautiful smile just like all her friends...

... as a mother you're special too, and you can both have the smiles you've always wanted with the 'Appledore mother and daughter teeth straightening special'[©]

Invisalign aligners are a modern way to straighten your teeth, they gently move your teeth into the correct position, they are clear, removable and comfortable and virtually invisible. They are suitable from teens upwards - you are never too old to have your teeth straightened at Appledore.

Pay the full fee for your daughter's fantastic smile and your smile investment will have a MASSIVE 30% DISCOUNT*...

because you're both worth it...
